

# /TOMAŽ ŠANTL

I started filming skateboarding in 2007, and premiered my first full length skate video in 2009. Since then I have collaborated with different artists and musicians. Today I am working as a freelancer on both, original and commercial projects, with my original projects remaining the core of my work. /

## / PRACTICE AREAS

videography  
photography

# /personal best

Selected projects are the cream of my personal videos. I was deeply involved in the design of the concepts and the team manager/coordinator through the whole process. I directed, filmed and edited them + visited more than 10 countries while filming the videos. /
